

Announcement

The Municipality of Nestorio invites you to participate in the ***Seminar and Workshop*** that will take place **online** on **November 7, 2022** and is organized in the context of the Project ***“Sustainable and almost zero-emission communities and the role of Public Buildings - nZCom”*** which is co-financed by the EU [Interreg-IPA CBC Greece-Albania programme](#).

The nZCom Project

The main objective of **nZCom** project is to promote ***European Union initiatives and energy targets*** and to contribute to the global effort to tackle ***climate change***, through almost zero consumption buildings in the cross – border area.

The ***Specific objectives*** are:

1. To identify the energy efficiency improvement potential of public buildings based on actual on-site measurements.
2. To propose the most suitable and cost-effective improvements and to implement pilot projects for the energy upgrade of public buildings and heating systems (geothermal -based heating)
3. To raise public awareness on energy efficiency.
